EDUCATION

Keshav Memorial Institute of Technology

BTech - Information Technology

CGPA - 8.6

2022 – 2026

EXPERIENCE

UI/UX Design Intern (Remote)

Brainwave Matrix Solutions

June 2025 – July 2025

(Virtual Experience)

- Completed assigned UI/UX tasks and design challenges as part of a guided virtual internship program.
- Worked on real-world design briefs, creating wireframes, mockups, and interactive prototypes using Figma.
- Gained hands-on experience in user research, problem-solving, and design thinking.

Freelance Graphic Designer

Self-Initiated

May 2025 - Present

Ongoing

- Designed visually appealing posters, event creatives, social media posts and branding assets.
- Used Canva and Figma to create designs aligned with client requirements
- Enhanced brand visibility and engagement with modern design layouts

PROJECTS

PlantNest | UI/UX Designer, Interaction designer, User research

July 2025

- Designed a modern eCommerce platform for plant lovers with curated categories for indoor, outdoor, low-maintenance, and pet-friendly plants
- Created a “PlantCare” section that provides watering tips, sunlight needs, and disease prevention guidance for each plant
- Added an Ask an Expert feature for real-time support, reducing confusion about plant care for beginners
- Focused on accessibility and first-time user success with simplified navigation and informative product details

Expense Tracker | UI/UX and Interaction Designer, Vibe coding , View Site

June 2025

- Designed categorized expense input with fast entry shortcuts to streamline daily usage
- Created intuitive UI including dashboard, category filters, transaction history, and visual spending graphs for better financial awareness
- Implemented add/edit/delete transactions and monthly summaries with a clean, responsive layout to reduce cognitive load across screen sizes

Shanti Sakhi – Mental Health Consulting Platform | UI/UX Designer

March 2025

- Created an empathetic and calming design for a mental health consulting service
- Built intuitive user flows for appointment booking and anonymous consultations
- Prioritized accessibility and ease-of-use for all user types
